A FUN INTRODUCTION TO THE GAME OF SOCCER FOR YOUNGER PLAYERS!

MiniKickers is a new and exciting program that focuses on key child developmental areas through the medium of soccer. The goal is to improve each child's motor skills, whilst advancing their physical, psychological and social development. The emphasis of coaching is to give children versatile experiences of basic motor skills and combinations, whilst creating a fun and safe environment for children to interact.

Parents will see their young soccer stars with huge smiles on their faces as we use a combination of fun games and storytelling to teach the skills. This program is a great introduction for players to both your organization and the sport of soccer!
